A Word from the President

MCT Members

In an effort to help local teachers, each summer the DeBartolo Family Foundation organizes a Back-School Supply Giveaway. Many of the local organizations provide students in need with supplies, which is wonderful and helps the parents who struggle financially.

The DeBartolo Family has chosen to focus on assisting the teachers that are forced to reach into their own pockets to help children whose families cannot afford the simple necessities, that we as parents think nothing of providing each new school year. Teachers struggle to provide necessary school supplies and instructional materials for their students with very little resources.

As a community, we can show local teachers how much we appreciate them and their sacrifice by helping to provide the essential classroom items such as crayons, markers, pencils, notebooks, paper, hand sanitizer, and much more.

How can you help? MCT is hosting a free car show at Bill Currie Ford on May 14th to raise funds for this cause. For every person who drives a new vehicle around the building, various sponsors will donate a combined \$100 to the charity. There is absolutely no sales pressure, this is designed only

for raising funds to benefit the charity. In addition, the individual who drove the vehicle will be placed in a drawing to win \$1,000 at the end of the show courtesy of Bill Currie Ford! This is always a fun event and I look forward to seeing everyone!

Cars & Coffee at Streetside Classics - Cruise to Vallarta's

On Saturday February 6th, 44 Mustang Club of Tampa members and friends met for 'Cars and Coffee' at **Streetside Classics** in Lutz, followed by a Mustang Cruise to **Vallarta's Mexican Restaurant** in the NorthPointe Village Center.

Inside Streetside Classics, Office Mgr. Nancy Valera arranged for our arrival with coffee, while the club supplied the donuts. We spread out to browse the over 120 classic cars (including 12 Mustangs) which are on display in their giant indoor showroom. VP Bob Mueller from SC gave us an informative presentation on their facility and the consignment services they provide.

Afterwards, we gathered to take a group photo and to review the Cruise route and directions to the restaurant. While the rain came, it did not dampen the spirits of our group. At Vallarta's restaurant in Lutz, we enjoyed some great Mexican food and camaraderie.

Also, for those unable to make the show, April 17th is NATIONAL MUSTANG DAY and we will be working with other clubs to determine a day cruise event to celebrate. Thanks, Joyce

Mark Houlahan, Tech Editor for Mustang Monthly with the 1965 & 2015 Mustangs

Recommended by Mark Houlahan from Mustang Monthly, National Automotive Market Specialist Christopher R. Phillip has invited members of the MCT to the Mustang Dream Giveaway Award Ceremony in Clearwater, FL on April 8th at 3pm. Details about the 2 Mustangs being raffled off for charity are on the Mustang Monthly website. Per our friend of the club Mark, refreshments and goodie bags courtesy of Dream Giveaway Garage and Mother's Car Care will be available. In addition, club members will get a firsthand look at the 2 Shelbys of the 2016 Mustang Dream Giveaway. If you want to read more about the cars and charity go to: www.dreamgiveaway.com We will be sending out information regarding a caravan to this event in the near future. Thanks, Joyce

Here is Mark's terrific video test driving both cars.

<http://www.mustangandfords.com/news/1602-theres-still-time-to-win-the-2015-dream-giveaway-mustang-sweepstakes/>

Fear not if you're not the lucky winner of the 2015 Dream Giveaway Mustang Sweepstakes. The Dream Giveaway folks are already hard at work on the 2016 Mustang sweepstakes rides! We spotted this immaculate 1967 G.T. 350 in the corner of the garage, while its modern day homage, the 2016 GT350, was in a work area getting some minor tweaks to help it match its older sibling (vintage emblems, brake cooling ducts, etc.).

The Rusty Report

GILLIS
PERFORMANCE
RESTORATIONS

MCT Members: When we left off last month we were in the middle off adding stripes to the 1965 Fastback. We still had the hood, stone guard, grille panel and front valance to paint

(1) Brian finished taping and I sprayed the blue and later the clear on those parts.

(2) We also had to add hood pins. Shelby removed the hood bumpers on the radiator support and replaced them with hood pins.

(3) Everything has been wet sanded, buffed and lined up and the front grille installed.

(4) The owner wanted the trim painted black. ↑ You can paint the trim and chrome parts after sanding with 180 grit paper and spraying two coats of SPI black epoxy. The next day, I sprayed two coats of SPI Matte Black.

(5) The roof rail was painted black and installed, followed with the weather strip

(6) ↑ The Black drip rail moldings were installed.

MCT Member Mustang of the Month

Marilu & Papo Martinez "Silver Fox" '92 GT

Ramon (Papo) Martinez & Marilu Gonzalez-Martinez are the proud owners of 3 show-worthy Mustangs. The Martinez family has a long history of devotion to the Mustang brand, with a total of 15 Mustangs.

Marilu, is Customer Concierge with Beechcraft Textron Aviation and Papo, a Field Service Engineer with Smiths Detection. Papo is also the owner of PR Autobody & Collision Center, in Tampa.

As Papo tells it, "I've been a 'gearhead' ever since I can remember, and have been in love with cars, no matter the manufacturer. My first car was a '66 Chevy Nova. I had the car for a couple years and traded it for a '73 MACH I with the Q code 351C and a 4 speed. That was the exact moment the Mustang madness began for me. Ever since, I have owned well over 15 Mustangs that have included a '70 BOSS, a '69 MACH I, a '66 GT Fastback, a '66 GT Coupe, a '66 Coupe, 3speed with bench seat, a '73 Convertible, a '92 GT Convertible, a '93 Cobra, a '93 GT Convertible, and an '85 GT T-top. I currently own a 2005 GT "CUJO" and the 1992 GT "Silver Fox" in this feature."

"When I bought the 2005 GT, Marilu fell in love with it. Back then, she had a 2004 F150 named "Brandon". One day I decided to surprise her and bought her a 2006 GT Convertible named "Red Sally" (yes, we give names to our cars and talk to them) with the F150 as a trade in. When she saw the car she started crying. What I thought were tears of joy, actually were tears of sadness, because she didn't get to say goodbye to 'Brandon', however she loved

Specs/Modifications - 1992 GT Hatchback, Titanium Frost, 5.0L, automatic, AC, Eibach springs, tubular upper & lower control arms, Cobra anniversary wheels staggered 17x9 and 17x10 w/ BF Goodrich G Force tires, ceramic coated headers, H pipe w/ Flowmaster, cold air intake, smoked Cobra tail lights, white face gauges and Cobra leather seats.

the new GT and that's when 'Mustang Madness' started for her. When we were thinking about getting a new Pony back in 2013, I asked her if she would prefer a six cylinder and with a puzzled look in her face she said; "A Mustang without a V8!!! Don't you dare get a 6 cylinder Mustang!!!" Well that settled it; she is definitely now a Mustang Girl. A few weeks later we said goodbye to 'Sally' and said welcome to 'Red Coyote', a 2013 Mustang GT hardtop."

"Marilu and I enjoy going to car shows. And of all the car shows we had been to in the last couple years, we both had been pleased with the Mustang Club of Tampa shows. Because of the organization, the attention to detail, and foremost, the members of MCT, who always make us feel welcome and part of the family. Based on those great experiences Marilu decided in July of 2015 to join the MCT."

Ed. Note: Marilu displays her passion for the Mustang hobby, with a willingness to give back and has recently joined the MCT Board of Directors with the responsibility of Club Membership Director.

Mustangs & Mustangs

We had about 12 cars meet up to cruise over and a few others showed up later. Almost everyone won a trophy. There were about 180 cars attending. The show was isolated from the main Carlisle event but it was held on a beautiful shaded area on a lake near the campgrounds that included picnic tables and electricity. A couple of 6 seater golf carts ran nonstop shuttling everyone back and forth so it was quite nice. The weather started out at a brisk 39 degrees but it turned into a perfectly glorious day.

The 725HP Coyote V8 Galpin Fisker Mustang Rocket

Henrik Fisker and Galpin AutoSports pulled the covers off their super-Mustang creation, the Rocket. The first in a series of low production volume Mustangs set for production by GAS. The Rocket features a substantially reworked body with a new front end, hood, and wider fenders — all crafted from carbon fiber. Under the Rocket's hood lies the Mustang GT's original 5.0-liter V-8 but with a Whipple supercharger forcing air down its throat. The spinning screws give the Coyote engine an impressive 725 horsepower. It's all routed through the 'Stang's six-speed manual gearbox. Fisker and the guys at GAS didn't stop there. The suspension is updated with fully adjustable shocks, enabling owners to dial in the style of performance they want. Large, 21-inch wheels are wrapped with Pirelli P-Zero rubber.

The Mustang Rocket is available through Galpin's Ford dealer network or select hand-picked Ford dealers around the world. While the company hasn't given any official word on pricing, the talk around the LA Auto Show floor put its sticker price just over the \$100,000 mark.
