Mustangs Hot Shot

We have set up the following fun competitions for MCT,
Target Shooting – This will be for regular target shooting for those that are beginners and just getting into target shooting and not interested in the competitions.

Closest To The Center – This competition is designed for all levels of shooting experience, beginners to long time shooters.

Using a standard NRA B-3 target, the objective is to score the greatest amount of hits in the bullseye. Only hits completely within the bullseye circle will count towards the final score. The shooter with the most hits wins. In case of a tie, a second shootout will take place. The winner will receive recognition for bragging rights as the "MCT Hot Shot Marksman".

Target cost to participate is \$2.00 per target per shooter.

Shoot Those Pins!

Two tables will be sitting at 7 yards with 3 bowling pins set toward the back of the table. This will be a timed event with one shooter in each of the 2 lanes with the tables.

Using .22 calibers only, the objective is to shoot the pins completely off the table faster than the other shooter. This is where racing counts. Winner will be named "MCT King Pin"

Cost to enter is \$4.00 per shooter for 2 matches.

To help speed up the incoming process, please go to our website, shootingssportstampa.com, then click on About Shooting Sports and go to the bottom and click Range Rules. Every shooter needs to read, and when you arrive at the range you can sign in without having to reread the rules.
