MUSTANG

CLUB OF TAMPA

EDITOR'S NOTE: A Golden Hour Welcome to November

Take a close look at this month's front cover. That is a gorgeous 1967 Ford Mustang Fastback basking in the warmth of a perfect Tampa Bay sunset, beautifully showing off our **Mustang Color of the Month: Burnt Amber (Code V)**.

Introduced for the 1967 model year, this deep, metallic bronze-brown is the ultimate automotive tribute to the autumn season and that classic Thanksgiving vibe. While it looks rich and sophisticated in the shade, the metallic flake absolutely explodes under our bright Florida sunshine, shifting from a warm chocolate tone to a brilliant golden bronze. It reminds me that even when things cool down, Florida fall is still the absolute best time of year to drop the windows and cruise.

But now that we are rolling into November, the dust is settling, the jumbotrons are dark, and I am finally getting back on track with normal life. There is a certain comfort in returning to our usual routines, spending time with family, and focusing on the club. The baseball hibernation might be starting, but our pony car season is just heating up. Let's wash off the postseason stress, treat our cars to a fresh coat of wax, and get ready for a fantastic month of club camaraderie.

MUSTANG COLOR OF THE MONTH: Burnt Amber

Code: V (1967)

- **The Vibe:** A deep, metallic bronze/brown from 1967 that perfectly matches the autumn season and Thanksgiving vibe.
- **The Details:** Originally paired beautifully with parchment or black interior configurations, proving that first-generation earth tones remain completely timeless.

Let's make it a great November, MCT family. Keep those horses running!

📣 President's Message

There was plenty of things to do in October to get away from the incessant political ads that seemed to run 24/7. In addition to the car events, we got to cheer on our Tampa Bay Rays, the 2026 American League Champs! Even though they fell short of the big one, we love them still – gritty, determined, and awesome representatives of the great game of baseball. We'll get 'em next year!

I want to thank Dr. Nannetta Parra, Dr. Russ Hostetler, Jim Johnson, Mike Skupin, Bob O'Donnell, Fred Flesche, and Mark Morrison for participating in USF's 2026 edition of the Running of the Bulls. Once the rain cleared out it was a beautiful evening with lots of college spirit! Go Bulls – Horns Up! It was great seeing the students, alumni and staff coming out to support the team. It was a great time, and everyone enjoyed the camaraderie.

Now it is time to turn our attention to November. With the holidays fast approaching we can carve out some time to enjoy the hobby – two shows that we want to focus on this month – The Church at Myrtle Lake Christmas Angel Tree Show and Ponies Under the Palms. This will be the third year for the Angel Tree Show and each year it gets better. The club will be helping with registration, judging, and parking and our participation will go a long way in helping the church collect toys for area angels in need. Registration is open, the date is November 14th, and I really hope we can come together and support this show. Ponies Under the Palms is always a great all Ford show, at a great location. Each year I'm amazed at the quality of Fords and Mustangs that show up each year. We are looking to organize a cruise down to the show, so stay tuned. Date is November 22nd, registration is open and details are on our website and in this newsletter.

December activities are coming together as well – See details for our annual holiday party later in the newsletter, but in summary it will be held on Saturday, December 12th at Ford's Garage Westchase, later in the afternoon. Check out our events tab on our website for more info on other events. The Toys for Tots Show being held at R2 Pub on December 5th is one worth earmarking. Cars in the Park on the same day is another option…details are contained later in this edition.

Until next month, have a great November and I hope to see you all there enjoying our fall Florida weather…in your Mustang. Or Bronco. Or F150…or anything else you enjoy driving!

Member Spotlight

MEMBER SPOTLIGHT: Dick Hermes

By RUSS HOSTETLER

From "POS" Fords to a Triple-Pony Stable

If you've ever felt like your dream car was on a lifetime delay, Dick Hermes' story is the ultimate proof that it's never too late to unleash your inner car guy.

Dick's automotive journey kicked off in 1958 with a green 1953 Ford Skyliner soft-top convertible, powered by a flathead V-8 and a 3-on-the-tree. Tearing up the street racing circuit of Cincinnati, Ohio, Dick pushed that Ford to its absolute limit—regularly blowing out the differential, twisting axles, and scorching heads. After an inevitable wreck, his dad (a construction worker who painted cars for a Ford dealership on the side) handed down a strict rule: *you wreck it, you fix it.* Once repaired, his dad sprayed it in a striking Candy Apple Red. Sadly, when Dick joined the U.S. Navy in 1959, he had to part with his gem for just $500, admitting he "didn't even break even."

When he mustered out in 1963 as an electrician's mate, Dick found himself driving what he affectionately calls a "POS" '59 Ford convertible. The legendary Mustang had just hit the market, and Dick desperately wanted one. He went to a dealership to show interest, but by the time he got home, the dealer had already called his dad, who gave the Mustang an immediate **"No!"** Dick ended up in a Pontiac Lemans instead. It was a decent car, but it had one major flaw: he kept losing drag races to a friend who drove—you guessed it—a Mustang.

For the next few decades, family and life took the driver's seat. Dick married, raised three sons, drove an F-150 for his construction job, and hauled the family in a Ford station wagon. He even eyed a Plymouth Superbird in 1970, but this time his wife put the brakes on that idea. Between his dad and his wife, Dick's sports car dreams were firmly stuck in neutral.

Work eventually brought Dick and his family down to the Sunshine State, where he transitioned from building homes for Crest Communities-Ryland to successfully running his own construction company right here in Tampa.

Tragically, Dick's wife passed away in 2016. In 2018, with his business thriving, Dick had a profound realization: **there was finally no one holding him back from owning the car he always wanted.** The car that truly expressed who he was.

He immediately went out and bought a brand-new 2018 Mustang GT. He hasn't stopped since. Today, Dick has a jaw-dropping triple-pony stable:

- **2018 Mustang GT** (The one that started it all)
- **2025 Mustang Dark Horse** (Sourced all the way from Dallas, Texas!)
- **2017 Shelby GT350**

Four months ago, Dick added a trailer to his setup, and he's been actively trailering his herd across the Southeast—recently representing MCT at the **MCA 50th Anniversary Show** in Atlanta and the **Endless Summer Showcase** in Jacksonville. Best of all, his girlfriend, Gail, fully supports the passion.

After 60 years of waiting, Dick is living the dream at full throttle. He's a Mustang man through and through, and we are incredibly proud to have him repping the Mustang Club of Tampa!

🔧 Puzzles, Punchlines, & Peculiar Ponies

Welcome back to The Pit Stop, MCT family! After an absolute emotional roller-coaster of a baseball postseason, the jumbotrons are finally dark, the dust has settled, and I am officially getting back on track with normal life. And honestly, what better way to recalibrate our brains than with some high-octane distraction?

Grab a coffee, step away from the garage for five minutes, and dive into this month's custom entertainment line-up.

💬 YOU KNOW YOU'RE A TAMPA BAY MUSTANG DRIVER WHEN...

- You check your tire pressure on a cool November morning, realize it dropped 3 PSI, and briefly panic thinking you ran over a lovebug with a vendetta.
- You spend forty-five minutes carefully detailing your front grill, only to cruise down I-4 and immediately collect an entire biological museum of local gnats and no-see-ums.
- You hear a loud roar down Gandy Boulevard and your instinct isn't to look for a sports car—it's to check if a herd of wild horses escaped from a local ranch.

🎨 CAPTION CONTEST!

Look closely at Photo #8 in Doc Hostetler's Lake Mirror write-up showing that radically custom, slammed Rat Rod with the wood-framed double doors.

Our Top Three Favorite Proposed Captions for the Bagged Rat Rod:

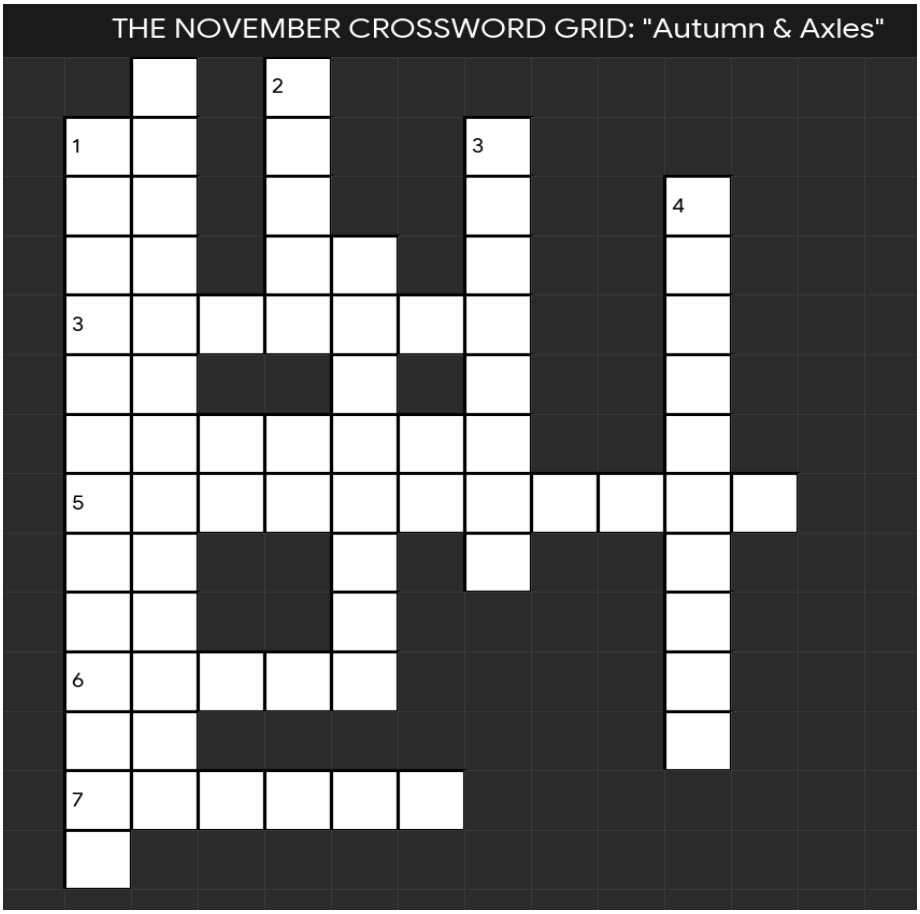

- "When you build a hot rod but accidentally use the architectural blueprints for a backyard shed."
- "Chassis by engineering, doors by The Home Depot rustic collection."
- "The good news is the side impact rating is zero. The bad news is the doors are held together by wood glue."
- "Air ride suspension so low you don't step out of the car, you just roll onto the curb."
- "When you order a limousine on wish.com and it arrives looking like a post-apocalyptic porch."

Have a funnier line? Text or email your best caption to the editor's desk before November 20th! The winning caption will be printed in the December edition alongside a special club shoutout.

📸 SNAPSHOTS FROM THE STABLE: Running of the Bulls

MCT Leads the Tradition Down Holly Drive! By Nannette Parra

Every year for Homecoming week, the Mustang Club of Tampa takes part in a truly legendary local tradition: providing a handful of clean, top-down convertibles to escort key community members in the annual parade to kickstart the weekend festivities.

This year, the **Running of the Bulls Homecoming Parade** was scheduled to roll out on Friday, October 16th at 6:30 PM. The action stretched across campus, winding along Holly Drive, Genshaft Drive, and Alumni Drive. It was an event to remember, bringing together students, local businesses, and USF departments. The route was packed with lively watch parties, creating the perfect energetic environment for families and students alike to walk around and take in the sights.

Though we were held back by an initial rain delay, the weather finally broke and our gorgeous lineup of Mustangs—along with their respective beauty queens—rolled out to become the absolute highlight of the evening. Even Dulce joined in on the excitement and participated as an incognito Bull! The crowd went wild as the shiny chrome, roaring engines, and our miniature mascot cruised past the packed watch parties.

Snapshots from the Stable

Take a look at these fantastic snapshots capturing our herd repping the stable, chatting with the passengers, and showing off our classic and late-model horses to the next generation of enthusiasts!

It was a phenomenal time all around, and we're already looking forward to rolling out again next year. Go Bulls—Horns Up! 🤘

📸 SNAPSHOTS FROM THE STABLE: Lake Mirror Classic Show 2026

By Doc Hostetler

It was an "umbrella day" over in Lakeland for the 2026 Lake Mirror Classic weekend of car shows and driving events. A friend and I cruised over anticipating a connection with another buddy who was supposed to introduce us to the Editor/Publisher of *Street Muscle* magazine. However, at a show of this massive scale, we never crossed paths as we wandered among the street-side and lakeside displays.

In presenting this month's recap, I actually decided to shake things up and feature some non-Ford vehicles that caught my eye—though a classic blue oval is never truly out of sight!

📐 Performance Geometry: Studebaker Avanti

This **'63 Studebaker Avanti** is close enough to a Ford product at heart, sporting a 289 V8. If you look closely at the background, you can spot a gorgeous GT350 repping our favorite pony car lineage.

Snapshots from the Stable

Yellow Fever: The Silver Hawk

The 289 block was a major step up from the standard Studebaker 259 cubic-inch V8 that powered this yellow **’59 Studebaker Silver Hawk**. While the 259 coughed up 170 bhp, the upgraded 289 churned out a healthy 240 bhp. Take a look at the background here, too—there is a sharp ’67 Galaxie hanging out!

SE Tight Squeezes: Saab Sonett

Here’s another vibrant yellow machine—a rare Saab Sonett. Can you imagine trying to turn a wrench or work on the engine through that tiny available aperture? Talk about a mechanical puzzle!

The Epic Journey: '65 Cobra

Alright, I couldn't resist—here is a Ford product! This **’65 Cobra** was reported to have been driven close to 30,000 miles. Its legendary route started down in Key West, climbed all the way to the Arctic Circle in Alaska, dropped south to Tijuana, and then crossed the entire United States to the easternmost point in Lubec, Maine! Oh, yeah! Now that is a road trip.

Snapshots from the Stable

⚡ Radiator Springs Comes to Lakeland

I really wish my youngest grandson could have been there to see these in person—the "real" **Tow Mater** and **Lightning McQueen** made an appearance, looking fresh off the silver screen!

🛠️ Low & Loud: Custom Rat Rod

This radical rat rod immediately caught my attention. Check out the custom wood framing on the doors, featuring unique double doors leading into the back seating area. To sit that low to the pavement, it absolutely had to be bagged!

While the main lakeside show lacked a bit of the sheer luster of previous years, all in all, it was still a highly worthwhile drive over to Lakeland.

Did you show or take home an award? If you brought your ride to Lake Mirror and won a class, please reach out and let us know so we can feature your big win in our upcoming December edition!

Northeast Georgia Mustang Club – 53rd Annual Show
By Bob Turner

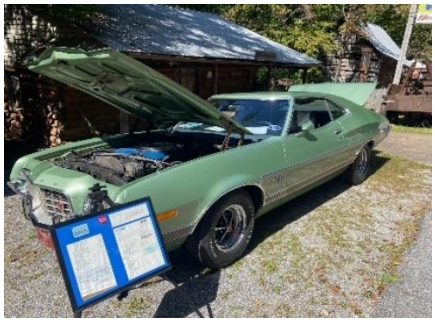

I had an opportunity to go to a great show in Hiawassee, GA at the Georgia Mountain Fairgrounds. Many awesome Mustangs and Fords, but these two really stood out:

Flawless 1968 F100 Longbed – absolute stunner with a perfect color combo. And I love the Poverty Hubcaps…very Georgia Mountain Farm Truck-like.

Snapshots from the Stable

1972 Gran Torino – a super-clean, period correct car. Gorgeous to look at…a real time machine.

TRUNK OR TREAT RECAP: by Bob Turner

Crossings of Riverview: Community Spirit Saves the Night! While our official club turnout was a bit lighter than usual this year, the incredible local community stepped up in a massive way to make sure the kids had an unforgettable night! Seeing neighbors and local

enthusiasts roll in with extra cars and mountains of candy was exactly the spark we needed. And thank goodness they did, because we had an absolute tidal wave of trick-or-treaters! For a minute there, we thought we were going to run out of sweets completely, but we held the line, paced the handfuls, and by 7:30 PM the crowd finally thinned out. We survived!

The staff and residents at the Crossings were incredibly appreciative of our presence, and seeing the smiles on all those kids' faces made every bit of it worth it. It turned out to be a truly spectacular evening that showed what the holiday spirit is all about.

Ford's Garage Westchase

Packed Lots, Empty Candy Buckets, & Over $3,000 Raised!

Talk about a phenomenal turnout! We had an incredible showing of both stunning cars and enthusiastic kids at Ford's Garage Westchase. In fact, the crowd of trick-or-treaters was so massive that every single one of us completely ran out of candy!

Inside, the dining room was packed to the gills all night long. Because this event was coupled with a Dine and Donate initiative, our collective appetite resulted in a spectacular haul of **more than $3,000 raised for the** 1Voice Foundation! A massive thank you to everyone who came out to eat, drink, and support a cause we've loved championing for years.

Around 8:10 PM, the anticipation peaked as the official awards were presented. Lorenzo Pena of Veteran's Ford was on-hand to personally evaluate the field and select our top winners (with the exception of our youngest judges' pick!). Here is who took home the hardware:

- 🏆 **Top Mustang:** Mark Morley's gorgeous **1966 Mustang Convertible**
- 🏆 **Best Ford:** Bruce and Laura Cooper's pristine **1964½ Coupe**
- 🏆 **Best Non-Ford:** Shaun Simon's absolutely massive **classic Army Truck**
- 🏆 **Kids' Choice:** A stunning, crowd-pleasing **1972 AAR 'Cuda**

A huge shoutout and thank you to Nick Lee, Mark Vergara, and Brittany Butts of Ford's Garage for hosting such a flawlessly executed evening. It was such a smashing success that the team already wants to partner up for a special Christmas event—so keep your eyes peeled and stay tuned for details!
